

Manuscript no. HAEMATOL 2010/022459 entitled “Replication analysis confirms the association of ARID5B with childhood B-cell acute lymphoblastic leukemia”

Authors: Jasmine Healy, Chantal Richer, Mathieu Bourgey, Ekaterini A. Kritikou, and Daniel Sinnett

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Daniel Sinnett; Department of Pediatrics, Faculty of Medicine, University of Montreal, QC, Canada; daniel.sinnett@umontreal.ca

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study:

- Jasmine Healy
- Chantal Richer
- Ekaterini A. Kritikou
- Daniel Sinnett

3) Design & Methods. The following authors were responsible for specific investigations (please detail):

- Chantal Richer was responsible for the genotyping
- Jasmine Healy was responsible for the statistical analyses

4) Results. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Jasmine Healy was responsible for all the tables in the manuscript
- Jasmine Healy and Mathieu Bourgey were responsible for the interpretation of the data

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- Jasmine Healy was responsible for drafting the manuscript
- Ekaterini A. Kritikou and Daniel Sinnett were responsible for critical manuscript revision and editing

6) Contributors Listed in Acknowledgments: (Examples of those who might be acknowledged include a person who provided purely technical help, writing assistance, or a department chair who provided only general support. Corresponding authors must declare whether they had

assistance with the study design, data collection, data analysis, or manuscript preparation. If such assistance was available, the authors must disclose the identity of the individuals who provided this assistance and the entity that supported it. Financial and material support should also be acknowledged.)

- The authors are indebted to all the patients and their parents who consented to participate in this study. This study was supported by research funds provided by the Canadian Institutes for Health Research. Jasmine Healy is the recipient of a NSERC Canada Graduate's scholarship. Mathieu Bourgey is the recipient of a fellowship from the Cole Foundation. Daniel Sinnett holds the François-Karl Viau Chair in Pediatric Oncogenomics and is a scholar of the Fonds de la Recherche en Santé du Québec.
