

Manuscript no. HAEMATOL/2009/028290 entitled "Clinical characteristics and treatment outcome of pediatric patients with chronic myeloid leukemia" Authors: Asim F. Belgaumi and Ali Al-Shehri.

Information about the contributions of each person named as having participated in the study

- 1) **Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
- Asim F. Belgaumi, King Faisal Specialist Hospital & Research Center, belgaumi@kfshrc.edu.sa

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Asim F. Belgaumi and Ali Al-Shehri

3) **Design & Methods.** The following authors were responsible for specific investigations (please detail):

- Asim F. Belgaumi was responsible for formulating the concept and designing the study, reviewing and analyzing the data, writing the manuscript and final approval of the submitted manuscript.
- Ali Al-Shehri was responsible for designing the study, collecting the data, assisting in data analysis and manuscript writing.

4) **Results.** The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Asim F. Belgaumi and Ali Al-Shehri were responsible for all portions of the results equally.

5) **Writing the manuscript.** The following authors were responsible for writing the manuscript:

- Asim F. Belgaumi was responsible for writing the manuscript.

6) **Contributors Listed in Acknowledgments:** (Examples of those who might be acknowledged include a person who provided purely technical help, writing assistance, or a department chair who provided only general support. Corresponding authors must declare whether they had assistance with the study design, data collection, data analysis, or manuscript preparation. If such assistance was available, the authors must disclose the identity of the individuals who provided this assistance and the entity that supported it. Financial and material support should also be acknowledged.)

There are no additional contributing acknowledgments.
