

Manuscript no. HAEMATOL/2010/026682 entitled ““Impact of age on outcomes after transplantation for acquired aplastic anemia using HLA-identical sibling donors”

Authors: Vikas Gupta, Mary Eapen, Ruta Brazauskas, Jeanette Carreras, Mahmoud Aljurf, Robert Peter Gale, Gregory A. Hale, Osman Ilhan, Jakob R. Passweg, Ollé Ringdén, Mitchell Sabloff, Hubert Schrezenmeier, Gerard Socié, and Judith C.W. Marsh

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Vikas Gupta, Princess Margaret Hospital, University of Toronto, Toronto, Canada, Vikas.Gupta@uhn.on.ca
- Mary Eapen, Center for International Blood and Marrow Transplant Research, Medical College of Wisconsin, Milwaukee, WI; USA, meapen@mcw.edu
- Judith C.W. Marsh, King’s College Hospital, London, United Kingdom, judith.marsh@nhs.net

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Vikas Gupta, Mary Eapen, Gerald Socié and Judith C.W. Marsh

3) Design & Methods. The following authors were responsible for specific investigations (please detail):

- Vikas Gupta and Mary Eapen were responsible for conception and design of the study.
- Ruta Brazauskas was responsible for study methodology and data analysis.

4) Results. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Ruta Brazauskas and Jeanette Carreras were responsible for data preparation and data analyses.
- Jeanette Carreras was responsible for tables 1, 3A and 3B and figures 1A and 1B.
- Ruta Brazauskas was responsible for tables 2A and 2B and figure 2.

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- Vikas Gupta, Mary Eapen, Gerald Socié and Judith C.W. Marsh were responsible for drafting and writing manuscript, interpreting results and final approval of the version to be published
- Mahmoud Aljurf, Robert Peter Gale, Gregory A. Hale, Osman Ilhan, Jakob R. Passweg, Ollé Ringdén, Mitchell Sabloff and Hubert Schrezenmeier were responsible for interpretation of data and revising the manuscript critically.

6) Contributors Listed in Acknowledgments: Funding: Public Health Service Grant (U24-CA76518) from the National Cancer Institute, the National Heart, Lung and Blood Institute and the National Institute of Allergy and Infectious Diseases and Health Resources and Services Administration and the Department of Health and Human Services (HHS23400637015C).
