

**Manuscript no. HAEMATOL/2010/037838 entitled "Influence of residual normal metaphases in acute myeloid leukemia patients with monosomal karyotype"**

**Authors: Bin Xie<sup>1,4</sup>, Megan Othus<sup>1,2</sup>, Bruno C. Medeiros<sup>3</sup>, Min Fang<sup>1,4</sup>, Frederick R. Appelbaum<sup>1,4</sup>, Elihu H. Estey<sup>1,4\*</sup>**

**Information about the contributions of each person named as having participated in the study**

**1) Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Ben Xie, Fred Hutchinson Cancer Research Center and University of Washington, binxie@uw.edu
- Elihu H Estey, Fred Hutchinson Cancer Research Center and University of Washington, eestey@u.washington.edu

According to the International Committee of Medical Journal Editors (ICMJE)

([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 ..... Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

**The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

**2) Authors who participated in the conception of the study:**

- Ben Xie, Fred Hutchinson Cancer Research Center and University of Washington, binxie@uw.edu
- Elihu H Estey, Fred Hutchinson Cancer Research Center and University of Washington, eestey@u.washington.edu

**3) Design & Methods.** The following authors were responsible for specific investigations (authors listed were equally responsible for the design and methods):

- Ben Xie, Fred Hutchinson Cancer Research Center and University of Washington, binxie@uw.edu
- Elihu H Estey, Fred Hutchinson Cancer Research Center and University of Washington, eestey@u.washington.edu
- Megan Othus, Fred Hutchinson Cancer Research Center and Southwest Oncology Group Statistic Center, mothus@fhcrc.org

**4) Results.** The following authors were responsible for specific portions of the results, including figures and tables (each person was responsible for all portions of the paper):

- Ben Xie, Fred Hutchinson Cancer Research Center and University of Washington, binxie@uw.edu
- Elihu H Estey, Fred Hutchinson Cancer Research Center and University of Washington, eestey@u.washington.edu
- Megan Othus, Fred Hutchinson Cancer Research Center and Southwest Oncology Group Statistic Center, mothus@fhcrc.org

**5) Writing the manuscript.** The following authors were responsible for writing the manuscript:

- Ben Xie, Fred Hutchinson Cancer Research Center and University of Washington, binxie@uw.edu
- Elihu H Estey, Fred Hutchinson Cancer Research Center and University of Washington, eestey@u.washington.edu

- Megan Othus, Fred Hutchinson Cancer Research Center and Southwest Oncology Group Statistic Center, mothus@fhcrc.org
- Bruno C Medeiros, Stanford Cancer Center, brunom@stanford.edu
- Min Fang, Fred Hutchinson Cancer Research Center and University of Washington, fangm@uw.edu
- Frederick R Appelbaum, Fred Hutchinson Cancer Research Center and University of Washington, fappelba@fhcrc.org

**6) Contributors Listed in Acknowledgments:** (Examples of those who might be acknowledged include a person who provided purely technical help, writing assistance, or a department chair who provided only general support. Corresponding authors must declare whether they had assistance with the study design, data collection, data analysis, or manuscript preparation. If such assistance was available, the authors must disclose the identity of the individuals who provided this assistance and the entity that supported it. Financial and material support should also be acknowledged.) **None**
