

Manuscript no. HAEMATOL/045997 entitled “Phase I trial of a novel human monoclonal antibody mAb216 in patients with relapsed or refractory B-cell acute lymphoblastic leukemia”

Authors: Michaela Liedtke, Clare J. Twist, Bruno C. Medeiros, Jason R. Gotlib, Caroline Berube, Marcia M. Bieber, Neelima M. Bhat, Nelson N. Teng, and Steven E. Coutre

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
• Steven E. Coutre, Department of Medicine, Stanford University School of Medicine, coutre@stanford.edu

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Clare J. Twist, Steven E. Coutre, Neelima M. Bhat, Nelson N. Teng and Marcia Bieber

3) Design & Methods. The following authors were responsible for specific investigations:

- Michaela Liedtke, Clare J. Twist, Marcia Bieber and Steven E. Coutre were responsible for collecting and analyzing patient data
- Marcia Bieber and Neelima M. Bhat were responsible for performing and analyzing laboratory data

4) Results. The following authors were responsible for specific portions of the results, including figures and tables.

- Michaela Liedtke was responsible for Figure 1
- Michaela Liedtke and Marcia Bieber were responsible for Table 1, 2 and 3
- Neelima M. Bhat was responsible for Figure 2 and Supplemental Figure 1

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- Michaela Liedtke, Marcia Bieber and Neelima M. Bhat were responsible for writing the manuscript
- Steven E. Coutre, Bruno C. Medeiros, Jason R. Gotlib, Nelson N. Teng and Caroline Berube were responsible for revision of the manuscript

6) Contributors Listed in Acknowledgments:

This work was supported by grant NCI RO3 CA85199 (NT), grant NSC 711294 from the NCI RAID program (NT), the ASCO foundation (ML), National Institutes of Health grant K08 CA120349 (ML) and the Stephanie Chancellor Research fund (SC).
