

Manuscript no. HAEMATOL/2011/053512 entitled “Systematic review of purine analog treatment for chronic lymphocytic leukemia: lessons for future trials“

Authors: CLL Trialists’ Collaborative Group (CLLTCG)

Information about the contributions of each person named as having participated in the study

- 1) Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
- Sue Richards, Oxford University, sue.richards@ctsu.ox.ac.uk
 - Michael Steurer, Cochrane Haematological Malignancies Group, michael.steurer@uibk.ac.at

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.*

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the **conception of the study**: Sue Richards, Michael Steurer

3) **Design & Methods**. The following authors were responsible for specific investigations (please detail):

- J Durrant (clinical advisor), P Elphinstone, V Evans, L Gettins, C Hicks, S James, M Clarke, L MacKinnon, TM McHugh, P Morris, S Read, C Gregory were responsible for trial searching, data management, analyses and checking.

4) **Results**. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Sue Richards was responsible for the statistical analyses.
- Philip Morris produced the figures.

All members of the CLLTCG, apart from the secretariat, were responsible for providing data from their own trials and approving the results reported from these.

5) **Writing the manuscript**. The following authors were responsible for writing the manuscript:

- Sue Richards was responsible for the first draft of the introduction and results.
- Michael Steurer was responsible for the full first draft.
- All members of the CLLTCG commented on the manuscript, which was amended in the light of these comments.

6) **Contributors Listed in Acknowledgments**: -
