

Manuscript no. HAEMATOL/2011/054734 entitled “Recent advances in acute myeloid leukemia stem cell biology”

Authors: Sarah Horton and Brian Huntly

Information about the contributions of each person named as having participated in the study

- 1) Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
- Brian Huntly, bjph2@cam.ac.uk

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

- 2) Authors who participated in the conception of the study:**

- Brian Huntly and Sarah Horton

- 3) Design & Methods.** The following authors were responsible for specific investigations

- Sarah Horton and Brian Huntly were responsible for the design of the review

- 4) Results.** The following authors were responsible for specific portions of the results, including figures and tables

- Review article, hence primary results are from referenced papers

- 5) Writing the manuscript.** The following authors were responsible for writing the manuscript:

- Sarah Horton wrote the first draft of the review
- Brian Huntly amended this to its final content

- 6) Contributors Listed in Acknowledgments:** -
