Manuscript no. HAEMATOL/2011/051409 entitled “Myeloma cells contain high inorganic polyphosphate levels that are associated with nucleolar transcription”

Authors: Maria D. Jimenez-Nuñez, David Moreno-Sanchez, Laura Hernandez-Ruiz, Alicia Benitez-Rondán, Ana Ramos-Amaya, Beatriz Rodriguez-Bayona, Francisco Medina, José Antonio Brieva, and Felix A. Ruiz

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
• Felix A. Ruiz. Hospital Universitario Puerta del Mar and Universidad de Cádiz, Cádiz, Spain.
  felix.ruiz@uca.es

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3........................ Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Felix A. Ruiz.

3) Design & Methods. The following authors were responsible for specific investigations:
• Maria D. Jimenez-Nuñez was responsible for methodology in general.
• Laura Hernandez-Ruiz was responsible for quantification of polyphosphate in MC lines.
• David Moreno-Sanchez was responsible for measurements of RNA Pol I activity.
• Alicia Benitez-Rondán and Francisco Medina were responsible for isolation of primary MCs.
• Ana Ramos-Amaya and Beatriz Rodriguez-Bayona were responsible for characterization of tonsil B cell populations.

4) Results. The following authors were responsible for specific portions of the results, including figures and tables:
• Maria D. Jimenez-Nuñez was responsible for all figures.
• Laura Hernandez-Ruiz was responsible for part of figure 1.
• David Moreno-Sanchez was responsible for figure 6.
• Alicia Benitez-Rondán and Francisco Medina were responsible for part of figure 2.
• Ana Ramos-Amaya and Beatriz Rodriguez-Bayona were responsible for part of figure 3.

5) Writing the manuscript. The following authors were responsible for writing the manuscript:
• José Antonio Brieva assisted in the design of the study and manuscript preparation.
• Felix A. Ruiz designed the study, wrote and submitted the manuscript.

6) Contributors Listed in Acknowledgments:
We thank Professor Katsuharu Saito for kindly providing the expression plasmid carrying polyP-binding domain (pTrc-PPBD) and the late Professor Arthur Kornberg for E. coli CA38 pTrcPPX1. This work was supported in part by the EU (FEDER) and the Spanish Ministry of Science and Innovation (Grants FIS/PI07/0282 and FIS/PI10/01222 to F.A.R.), Junta de Andalucia (Grant P07-CTS-02765 to F.A.R.), and Plan Andaluz de Investigacion (Cod. CTS-554).
