Manuscript no. HAEMATOL/2012/074500 entitled “The accuracy of PET in the detection of Posttransplant Lymphoproliferative Disorder (PTLD)“

Authors: Daan Dierickx, Thomas Tousseyn, Annelies Requile’, Raf Verscuren, Xavier Sagaert, Julie Morscio, Iwona Wlodarska, An Herreman, Dirk Kuypers, Johan Van Cleemput, Frederik Nevens, Lieven Dupont, Anne Uyttebroeck, Jacques Pirenne, Christiane De Wolf-Peeters, Gregor Verhoef, Lieselot Brepoels, and Olivier Gheysens

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
   • Daan Dierickx, MD, University Hospitals Leuven, Department of Hematology, Herestraat 49 -3000, Leuven, Belgium. E-mail: Daan.Dierickx@uzleuven.be

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 …………………… Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study:
   • Daan Dierickx
   • Lieselot Brepoels
   • Olivier Gheysens

3) Design & Methods. The following authors were responsible for specific investigations:
   • DD Concept and design of the study, data collection, data analysis and interpretation, manuscript writing
   • TT Data collection, data analysis and interpretation, manuscript revision
   • AR Data collection, data analysis, manuscript revision
   • RV Data collection, data analysis and interpretation, manuscript revision
   • XS Data collection, data analysis, manuscript revision
   • JM Data collection, data analysis, manuscript revision
   • IW Data collection, data analysis, manuscript revision
   • AH Data collection, data analysis, manuscript revision
   • DK Data collection, data analysis, manuscript revision
   • JVC Data collection, data analysis, manuscript revision
   • FN Data collection, data analysis, manuscript revision
   • LD Data collection, data analysis, manuscript revision
   • AU Data collection, data analysis, manuscript revision
   • JP Data collection, data analysis, manuscript revision
   • CDWP Data collection, data analysis and interpretation, manuscript revision
   • GV Data collection, data analysis and interpretation, manuscript revision
   • LB Concept and design of the study, data collection, data analysis and interpretation, manuscript writing
   • OG Concept and design of study, data collection, analysis and interpretation, manuscript revision
4) Results. The following authors were responsible for specific portions of the results, including figures and tables:

- DD Concept and design of the study, data collection, data analysis and interpretation, manuscript writing
- TT Data collection, data analysis and interpretation, manuscript revision
- AR Data collection, data analysis, manuscript revision
- RV Data collection, data analysis and interpretation, manuscript revision
- XS Data collection, data analysis, manuscript revision
- JM Data collection, data analysis, manuscript revision
- IW Data collection, data analysis, manuscript revision
- AH Data collection, data analysis, manuscript revision
- DK Data collection, data analysis, manuscript revision
- JVC Data collection, data analysis, manuscript revision
- FN Data collection, data analysis, manuscript revision
- LD Data collection, data analysis, manuscript revision
- AU Data collection, data analysis, manuscript revision
- JP Data collection, data analysis, manuscript revision
- CDWP Data collection, data analysis and interpretation, manuscript revision
- GV Data collection, data analysis and interpretation, manuscript revision
- LB Concept and design of the study, data collection, data analysis and interpretation, manuscript writing
- OG Concept and design of study, data collection, analysis and interpretation, manuscript revision

5) Writing the manuscript:

- DD Concept and design of the study, data collection, data analysis and interpretation, manuscript writing
- TT Data collection, data analysis and interpretation, manuscript revision
- AR Data collection, data analysis, manuscript revision
- RV Data collection, data analysis and interpretation, manuscript revision
- XS Data collection, data analysis, manuscript revision
- JM Data collection, data analysis, manuscript revision
- IW Data collection, data analysis, manuscript revision
- AH Data collection, data analysis, manuscript revision
- DK Data collection, data analysis, manuscript revision
- JVC Data collection, data analysis, manuscript revision
- FN Data collection, data analysis, manuscript revision
- LD Data collection, data analysis, manuscript revision
- AU Data collection, data analysis, manuscript revision
- JP Data collection, data analysis, manuscript revision
- CDWP Data collection, data analysis and interpretation, manuscript revision
- GV Data collection, data analysis and interpretation, manuscript revision
- LB Concept and design of the study, data collection, data analysis and interpretation, manuscript writing
- OG Concept and design of study, data collection, analysis and interpretation, manuscript revision

6) Contributors Listed in Acknowledgments: not applicable
