High-throughput platelet spreading analysis: a tool for the diagnosis of
platelet- based bleeding disorders

Abdullah O. Khan, Annabel Maclachlan, Gillian C. Lowe, Phillip L.R.
Nicolson, Rashid Al Ghaithi, Steven G. Thomas, Steve P. Watson,
Jeremy A. Pike, and Neil V. Morgan
(Collaborative Groups: UK GAPP Study Group)

Disclosures: none

Contributions: AOK, GCL, SPW and NVM designed the research. GCL provided patient samples and clinical data. GCL and NVM undertook the research governance of the study. AOK, AM, PLRN, RAG, SGT, JAP and NVM performed the research and analyzed data. NVM and AOK wrote the paper and all authors critically reviewed and edited the paper.
