Version 4

A zebrafish model for HAX1-associated congenital neutropenia

Larissa Doll, Narges Aghaallaei, Advaita M. Dick, Karl Welte, Julia Skokowa, and Baubak Bajoghli

Disclosures: The authors declare no potential conflicts of interest.

Contributions: L.D. and B.B. made initial observations; L.D. performed most of the experiments and contributed to the design of the work; N.A. performed experiments in the transgenic lines; A.M.D. performed qRT-PCR, Immunostaining and FISH analysis; K.W. and J.S. provided insightful comments and interpreted the data. B.B. supervised and supported the study and wrote the manuscript. All authors read and edited the manuscript.
