Version 3

T-cell dysfunction in chronic lymphocytic leukemia from an epigenetic perspective

Fleur S. Peters, Jonathan C. Strefford, Eric Eldering, and Arnon P. Kater

Disclosures: J.S. has previously received funding from Roche and currently receives funding from Bloodwise, the Kay Kendall Leukaemia Fund and Cancer Research UK. A.K. is funded by a Dutch Research Council (NWO) VIDI grant and an European Research Council (ERC) Consolidator grant. F.P. and E.E. report no conflicts of interest.

Contributions: F.P. designed the set-up of this review and did extensive literature review. F.P., J.S., E.E. and A.K. contributed to writing and editing the manuscript. All authors read and approved the final version of this manuscript.
