In reference to our paper published in the August issue 2020 of *Haematologica*,¹ the sentence “funded by the European Union Next Generation EU, funds that finance the actions of the Recovery and Resilience Mechanism (RRM)” in the Funding was missing. We need to add it to justify the project. So the Funding paragraph should read as follows:

Funding: this work was supported by grants from the Instituto de Salud Carlos III (ISCIII) of the Spanish Ministry of Economy and Competence, co-funded by European Union (FEDER) (ERDF/ESF, “A way to make Europe”)/“Investing in your future” (MINECO, ISCIII) funded by the European Union Next Generation EU, funds that finance the actions of the Recovery and Resilience Mechanism (RRM) (Plan Nacional I+D+I: PI17/02172, PI21/01724, 15826/004, 41163/005 and PMP21/00015), AECC, the Madrid Autonomous Community and STARTUP2020/L2566.
