

Manuscript no. HAEMATOL/2009/021113 entitled “Validation, revision and extension of the mantle cell lymphoma international prognostic index (MIPI) in a population-based setting“ **Authors:** Saskia A.M. van de Schans, Maryska L.G. Janssen-Heijnen, Marten R. Nijziel, Ewout W. Steyerberg, and Dick Johan van Spronsen

Information about the contributions of each person named as having participated in the study

1) **Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Dick Johan van Spronsen, Dept. of Internal Medicine, Canisius-Wilhelmina hospital, Nijmegen, The Netherlands, D.vanSpronsen@onco.umcn.nl
- Saskia van de Schans, Eindhoven Cancer Registry, Comprehensive Cancer Centre South, Eindhoven, The Netherlands, s.vd.schans@ikz.nl
- Maryska Janssen-Heijnen, Eindhoven Cancer Registry, Comprehensive Cancer Centre South, Eindhoven, The Netherlands, m.janssen@ikz.nl

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) **Authors who participated in the conception of the study:** Maryska Janssen-Heijnen, Saskia van de Schans, and Dick Johan van Spronsen

3) **Design & Methods.** The following authors were responsible for specific investigations (please detail):

- Maryska Janssen-Heijnen, Saskia van de Schans, and Dick Johan van Spronsen were responsible for the design.
- Saskia van de Schans and Ewout Steyerberg were responsible for analyzing the data

4) **Results.** The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Saskia van de Schans and Ewout Steyerberg were responsible for analyzing the data and constructing figures and tables
- Saskia van de Schans, Maryska Janssen-Heijnen, Marten Nijziel, Ewout Steyerberg, and Dick Johan van Spronsen were responsible for interpretation of the results

5) **Writing the manuscript.** The following authors were responsible for writing the manuscript:

- Saskia van de Schans was responsible for writing the paper
- Saskia van de Schans, Maryska Janssen-Heijnen, Marten Nijziel, Ewout Steyerberg, and Dick Johan van Spronsen were responsible for interpretation of the data and critically reviewing the article

6) **Contributors Listed in Acknowledgments:** (Examples of those who might be acknowledged include a person who provided purely technical help, writing assistance, or a department chair who provided only general support. Corresponding authors must declare whether they had assistance with the study design, data collection, data analysis, or manuscript preparation. If such assistance was available, the authors must disclose the identity of the individuals who provided this assistance and the entity that supported it. Financial and material support should also be acknowledged.) **The registration team of the Eindhoven Cancer Registry for their dedicated data collection.**
