

Manuscript no. HAEMATOL MS ID#: HAEMATOL/2010/024984

entitled: "No evidence that mutations in the let-7 binding site represent a mechanism of RAS activation in juvenile myelomonocytic leukemia"

by Steinemann D, Tauscher M, Praulich I, Niemeyer CM, Flotho C, Schlegelberger B.

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Steinemann, Doris, Medical School Hannover, steinemann.doris@mh-hannover.de
- Flotho, Christian, Division of Hematology and Oncology, University of Freiburg, christian.flotho@uniklinik-freiburg.de
- Niemeyer, Division of Hematology and Oncology, University of Freiburg, charlotte.niemeyer@uniklinik-freiburg.de
- Schlegelberger, Brigitte, Medical School Hannover, schlegelberger.brigitte@mh-hannover.de

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html): "Authorship credit should be based on:

- 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data;
- 2) drafting the article or revising it critically for important intellectual content; and
- 3) final approval of the version to be published.

Authors should meet conditions 1, 2, and 3 ... Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study:

- Steinemann, Doris, Medical School Hannover, steinemann.doris@mh-hannover.de,

- Schlegelberger, Brigitte, Medical School Hannover, schlegelberger.brigitte@mh-hannover.de,

3) Design & Methods. The following authors were responsible for specific investigations (please detail):

- Flotho Christian was/were responsible for acquisition, analysis and interpretation of data.

- Niemeyer Charlotte was/were responsible for acquisition, analysis and interpretation of data.

- Steinemann Doris was/were responsible for acquisition, analysis and interpretation of data.

4) Results. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Praulich Inka, Medical school hannover, praulich.inka@mh-hannover.de

- Tauscher Marcel, Medical School Hannover, tauscher.marcel@mh-hannover.de

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- Steinemann Doris was/were responsible for drafting the article or revising it critically for important intellectual content

- Schlegelberger Brigitte was/were responsible for revising the article critically for important intellectual content

6) No authors:
