

**Manuscript no. HAEMATOL/2009/021766 entitled "VASCULARIZATION PREDICTS OVERALL SURVIVAL AND RISK OF TRANSFORMATION IN FOLLICULAR LYMPHOMA"**

**Authors: Pedro Farinha, Alastair H Kyle, Andrew I Minchinton, Joseph M Connors , Aly Karsan, and Randy D Gascoyne"**

**Information about the contributions of each person named as having participated in the study**

**1) Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Randy D Gascoyne, Pathology, British Columbia Cancer Agency Center for Lymphoid Cancer, Vancouver, BC, Canada, [rgascoyn@bccancer.bc.ca](mailto:rgascoyn@bccancer.bc.ca)
- Pedro Farinha, Pathology, British Columbia Cancer Agency Center for Lymphoid Cancer, Vancouver, BC, Canada, & Centro Hospitalar de Lisboa Central, Lisboa, Portugal, [pmsf98@yahoo.com](mailto:pmsf98@yahoo.com)

According to the International Committee of Medical Journal Editors (ICMJE)

([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 ..... Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

**2) Authors who participated in the conception of the study:**

- Pedro Farinha<sup>1,2</sup>, Alastair H Kyle<sup>3</sup>, Andrew I Minchinton<sup>3</sup>, Joseph M Connors<sup>4</sup>, Aly Karsan<sup>1,3</sup>, and Randy D Gascoyne<sup>1</sup>

<sup>1</sup>Pathology, British Columbia Cancer Agency Center for Lymphoid Cancer, <sup>2</sup>Centro Hospitalar de Lisboa Central, Lisboa, Portugal, <sup>3</sup>Medical Biophysics, BC Cancer Research Centre, Vancouver, BC, Canada, and <sup>4</sup>Medical Oncology, British Columbia Cancer Agency Center for Lymphoid Cancer

**3) Design & Methods.** The following authors were responsible for specific investigations:

- Pedro Farinha & Randy D Gascoyne review cases, scored cases and did the statistical analysis.
- Alastair H Kyle, Andrew I Minchinton & Aly Karsan did the microvessel density image capturing and analysis.
- Joseph M Connors supervised clinical trial data collection.

**4) Results.** The following authors were responsible for specific portions of the results, including figures and tables:

- Pedro Farinha & Randy D Gascoyne were responsible for all the results, including figure 2 and table 1
- Alastair H Kyle was responsible for figure 1

**5) Writing the manuscript.** The following authors were responsible for writing the manuscript:

- Pedro Farinha & Randy D Gascoyne were responsible for writing the manuscript

**6) Contributors Listed in Acknowledgments:**

The authors would like to thank all of the physicians of the British Columbia Cancer Agency Centre for Lymphoid Cancer for allowing us to include their patients and Jane Donaldson and Suman Singh for help with data gathering and analysis. In addition we greatly appreciate the cooperation from all of the pathologists throughout British Columbia for their support of the provincial lymphoma pathology program.
