

Manuscript no. HAEMATOL/2010/031831 entitled "Red blood cell transfusion-dependency implies a poor survival in primary myelofibrosis irrespective of International Prognostic Scoring System and Dynamic International Prognostic Scoring System "

Authors: Chiara Elena, Francesco Passamonti, Elisa Rumi, Luca Malcovati, Luca Arcaini, Emanuela Boveri, Michele Merli, Daniela Pietra, Cristiana Pascutto, and Mario Lazzarino

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Francesco Passamonti, Division of Hematology, Department of Hematology Oncology, Fondazione IRCCS Policlinico San Matteo, University of Pavia, Pavia, Italy; e-mail: francesco.passamonti@unipv.it

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study:

- Chiara Elena, Division of Hematology, Department of Hematology Oncology, Fondazione IRCCS Policlinico San Matteo, University of Pavia, Pavia, Italy; e-mail: chiara.elena@tiscali.it
- Francesco Passamonti, Division of Hematology, Department of Hematology Oncology, Fondazione IRCCS Policlinico San Matteo, University of Pavia, Pavia, Italy; e-mail: francesco.passamonti@unipv.it

3) Design & Methods. The following authors were responsible for specific investigations (please detail):

- Francesco Passamonti, Chiara Elena, Elisa Rumi, Luca Malcovati, Michele Merli and Luca Arcaini were responsible for clinical information collection
- Daniela Pietra was responsible for JAK2 and MPL mutational analysis
- Manuela Boveri was responsible for bone marrow examination
- Cristiana Pascutto was responsible for statistical analysis

4) Results. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Francesco Passamonti and Chiara Elena were responsible for all the results, included figures and tables

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- Francesco Passamonti and Chiara Elena were responsible for writing the manuscript

6) Contributors Listed in Acknowledgments:

This study was supported by Associazione Italiana per la Ricerca sul Cancro (AIRC, Milan) Special Program Molecular Clinical Oncology "5 per mille" and by Fondazione Cariplo, Milan, Italy.
