

Manuscript no. HAEMATOL 2010/030452 entitled "Phase I study of sorafenib in patients with refractory or relapsed acute leukemias"

Authors: Gautam Borthakur, Hagop Kantarjian, Farhad Ravandi, Weiguo Zhang, Marina Konopleva, John J. Wright, Stefan Faderl, Srdan Verstovsek, Sheela Mathews, Michael Andreeff, Jorge E. Cortes

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Jorge E. Cortes, MD; MD Anderson Cancer Center; jcortes@mdanderson.org
- Gautam Borthakur, MD; MD Anderson Cancer Center; gborthak@mdanderson.org

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Jorge E. Cortes; John J. Wright; Michael Andreeff; Hagop Kantarjian

3) Design & Methods. The following authors were responsible for specific investigations (please detail):

- Jorge E. Cortes, design and methods
- John J. Wright, design and methods
- Weiguo Zhang, Michael Andreeff, methods

4) Results. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Gautam Borthakur, Hagop Kantarjian, Farhad Ravandi, Jorge E. Cortes, Marina Konopleva, Stefan Faderl, Srdan Verstovsek, Sheela Mathews: clinical results, toxicities, Figure 1, 2; Table 2, 3, S1, S2
- Weiguo Zhang, Michael Andreeff, Marina Konopleva: correlative studies, Figure 3, Suppl Figure 2

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- Gautam Borthakur, Jorge E. Cortes, Michael Andreeff, Weiguo Zhang: data analysis, manuscript preparation

6) Contributors Listed in Acknowledgments: (Examples of those who might be acknowledged include a person who provided purely technical help, writing assistance, or a department chair who provided only general support. Corresponding authors must declare whether they had assistance with the study design, data collection, data analysis, or manuscript preparation. If such assistance was available, the authors must disclose the identity of the individuals who provided this assistance and the entity that supported it. Financial and material support should also be acknowledged.)
