

Manuscript no. HAEMATOL 2010/036640 entitled "Multidrug resistant *Pseudomonas aeruginosa* bloodstream infection in adult patients with hematological malignancies"

Authors: Enrico Maria Treçarichi, Mario Tumbarello, Morena Caira, Anna Candoni, Chiara Cattaneo, Domenico Pastore, Rosa Fanci, Annamaria Nosari, Nicola Vianelli, Alessandro Busca, Antonio Spadea, Livio Pagano

Information about the contributions of each person named as having participated in the study

- 1) Guarantor(s)**, i.e., persons who is are responsible for the integrity of the work as a whole:
- Enrico M Treçarichi, Istituto di Clinica delle Malattie Infettive, Università Cattolica del Sacro Cuore, Roma, Italy, enricomaria.treçarichi@rm.unicatt.it
 - Mario Tumbarello, Istituto di Clinica delle Malattie Infettive, Università Cattolica del Sacro Cuore, Roma, Italy, tumbarello@rm.unicatt.it

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the **conception of the study**: Enrico Maria Treçarichi, Mario Tumbarello, Morena Caira, Livio Pagano.

3) **Design & Methods**. The following authors were responsible for specific investigations (please detail):

- Morena Caira, Anna Candoni, Chiara Cattaneo, Domenico Pastore, Rosa Fanci, Annamaria Nosari, Nicola Vianelli, Alessandro Busca, and Antonio Spadea were responsible for selection and recruitment of the patients and for data collection.

4) **Results**. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Enrico Maria Treçarichi and Mario Tumbarello were responsible for Table 1 and Figure 1.

5) **Writing the manuscript**. The following authors were responsible for writing the manuscript:

- Enrico Maria Treçarichi, Mario Tumbarello, and Livio Pagano were responsible for writing the manuscript.

6) **Contributors Listed in Acknowledgments**: The authors are grateful to Dr. Enrica Santelli (Istituto di Clinica delle Malattie Infettive, Università Cattolica del Sacro Cuore, Roma, Italy) for her support in the statistical analysis. The corresponding author declares no financial support to be acknowledged.
