

Manuscript no. HAEMATOL/2010/037523 entitled "Multidrug resistant *Pseudomonas Aeruginosa* infection in children and adults undergoing chemotherapy and hematopoietic stem cell transplantation"

Authors: Désirée Caselli, Simone Cesaro, Elio Castagnola, and Maurizio Aricò

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
• Maurizio Aricò, Direttore, Dipartimento Oncoematologia Pediatrica e Cure Domiciliari, Azienda Ospedaliero-Universitaria Meyer, Viale Pieraccini, 24, 50139 Firenze. tel. +39 055 5662739, Fax +39 055 5662746, e-mail: m.arico@meyer.it

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Désirée Caselli, Simone Cesaro, Elio Castagnola, and Maurizio Aricò

3) Design & Methods. The following authors were responsible for specific investigations:
• Désirée Caselli, Maurizio Aricò: data retrieval and analysis

4) Results. The following authors were responsible for specific portions of the results, including figures and tables:
• Désirée Caselli, Simone Cesaro, Elio Castagnola, and Maurizio Aricò were responsible for data interpretation

5) Writing the manuscript. The following authors were responsible for writing the manuscript:
• Désirée Caselli, Simone Cesaro, Elio Castagnola, and Maurizio Aricò

6) Contributors Listed in Acknowledgments:
Dr. Stefano Frenos provided help with statistical analysis.
