

Manuscript no. HAEMATOL/2010/037390 entitled "Subcutaneous injections of low-dose veltuzumab (humanized anti-CD20 antibody) are safe and active in patients with indolent non-Hodgkin lymphoma"

Authors: O. George Negrea, Rebecca Elstrom, Steven L. Allen, Kanti R. Rai, M. Rashid Abbasi, Charles M. Farber, Nick Teoh, Heather Horne, William A. Wegener, and David M. Goldenberg

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
• David M. Goldenberg, Sc. D., M.D., Garden State Cancer Center, 520 Belleville Avenue, Belleville, NJ 07109, USA. Email: dm.gscancer@att.net

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: David M. Goldenberg and William A. Wegener were responsible for the conception of the study

3) Design & Methods. The following authors were responsible for specific investigations (please detail):

- David M. Goldenberg and William A. Wegener were responsible for the design of the study.
- George Negrea, Rebecca Elstrom, Steven L. Allen, Kanti R. Rai, M. Rashid Abbasi, Charles M. Farber, and Heather Horne were responsible for acquisition of patient data.
- NickTeoh was responsible for managing the study database and for the statistical methods.

4) Results. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- William A. Wegener, Nick Teoh and Heather Horne were responsible for all tables and figures.
- Nick Teoh was responsible for all data listings and tabulations
- George Negrea, Rebecca Elstrom, Steven L. Allen, Kanti R. Rai, M. Rashid Abbasi, Charles M. Farber, Nick Teoh, Heather Horne, William A. Wegener, and David M. Goldenberg, were responsible for data analysis.

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- David M. Goldenberg and William A. Wegener were responsible for drafting the manuscript
- Nick Teoh and Heather Horne were responsible for initial revisions to the manuscript.
- George Negrea, Rebecca Elstrom, Steven L. Allen, Kanti R. Rai, M. Rashid Abbasi, and Charles M. Farber were responsible for review and revision of the manuscript.
- All authors were responsible for approving the version to be published

6) Contributors Listed in Acknowledgments: (Examples of those who might be acknowledged include a person who provided purely technical help, writing assistance, or a department chair who provided only general support. Corresponding authors must declare whether they had

assistance with the study design, data collection, data analysis, or manuscript preparation. If such assistance was available, the authors must disclose the identity of the individuals who provided this assistance and the entity that supported it. Financial and material support should also be acknowledged.)

- None were listed
