

**Manuscript no. HAEMATOL/2011/041319 entitled ““The incidence of pleural and pericardial effusion is not higher in patients receiving dasatinib at low doses”**

**Authors: Giuseppe Visani, Massimo Breccia, Enrico Montefusco, Enrica Morra, Valeria Santini, Alessandro Isidori**

**Information about the contributions of each person named as having participated in the study**

**1) Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:  
• Giuseppe Visani, Hematology and Stem Cell Transplant Center, Pesaro, Italy,  
email:g.visani@ospedalesansalvatore.it;

According to the International Committee of Medical Journal Editors (ICMJE) ([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 ..... Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

**2) Authors who participated in the conception of the study:** Giuseppe Visani, Hematology and Stem Cell Transplant Center, Pesaro, Italy, email:g.visani@ospedalesansalvatore.it; Alessandro Isidori, Hematology and Stem Cell Transplant Center, Pesaro, Italy, email:a.isidori@ospedalesansalvatore.it;

**3) Design & Methods.** The following authors were responsible for specific investigations: Giuseppe Visani and Alessandro Isidori, Hematology were responsible for the design of the study and for the analysis of the results; Massimo Breccia, Enrico Montefusco, Valeria Santini and Enrica Morra were responsible for the collection of the data and the analysis of the results.

**4) Results.** The following authors were responsible for specific portions of the results, including figures and tables: Giuseppe Visani, Massimo Breccia, Enrico Montefusco, Valeria Santini, Enrica Morra and Alessandro Isidori were equally responsible for generating the data reported on table 1 and for the analysis of the results.

**5) Writing the manuscript.** The following authors were responsible for writing the manuscript: Giuseppe Visani and Alessandro Isidori were responsible for the design of the study; Giuseppe Visani and Alessandro Isidori wrote the manuscript; Massimo Breccia, Enrico Montefusco, Valeria Santini and Enrica Morra carefully revised the manuscript and gave final approval to the manuscript.

**6) Contributors Listed in Acknowledgments:** ALL Pesaro Onlus is gratefully acknowledged for supporting the study.
