

**Manuscript no.HAEMATOL/2010/034264 entitled “Survival of European patients diagnosed with lymphoid neoplasms in 2000-2002: results of the HAEMACARE project “**

**Authors: Rafael Marcos-Gragera, Claudia Allemani, Carmen Tereanu, Roberta De Angelis, Riccardo Capocaccia, Marc Maynadie, Stefano Luminari, Stefano Ferretti, Tom Børge Johannesen, Risto Sankila, Marja-Liisa Karjalainen-Lindsberg, Arianna Simonetti, Maria Carmen Martos, Martine Raphaël, Pilar Giraldo, the HAEMACARE Working Group, and Milena Sant**

**Information about the contributions of each person named as having participated in the study**

**Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

• Rafael Marcos-Gragera, Epidemiology Unit and Girona Cancer Registry, Oncology Coordination Plan, Department of Health. and Catalan Institute of Oncology, Girona, Spain. Email:

[rmarcos@iconcologia.net](mailto:rmarcos@iconcologia.net)

• Milena Sant, Analytical Epidemiology Unit, Department of Preventive and Predictive Medicine, Fondazione IRCCS Istituto Nazionale dei Tumori, Milan, Italy. Email:

[Milena.Sant@istitutotumori.mi.it](mailto:Milena.Sant@istitutotumori.mi.it)

According to the International Committee of Medical Journal Editors (ICMJE)

([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 ..... Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

**The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

**2) Authors who participated in the conception of the study AND STUDY DESIGN :**

Milena Sant, Rafael Marcos-Gragera, Claudia Allemani, Carmen Tereanu, Marc Maynadié, Stefano Luminari, Stefano Ferretti, Risto Sankila, Marja-Liisa Karjalainen-Lindsberg, Roberta De Angelis, Riccardo Capocaccia, M Carmen Martos, Martine Raphaël, Pilar Giraldo.

**3) Design & Methods.** The following authors were responsible for specific investigations (please detail):

- Claudia Allemani was responsible for analyses.
- Carmen Tereanu, Roberta De Angelis and Riccardo Capocaccia contributed to analyses.
- All WG members were responsible for the data base.

**4) Results.** The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- All authors are responsible for results. Tables and figures were agreed by all contributors

**5) Writing the manuscript.** The following authors were responsible for writing the manuscript:

• Rafael Marcos-Gragera, Claudia Allemani, Milena Sant, Carmen Tereanu were responsible for writing and revising the manuscript-

- All authors are responsible for results were responsible for revising the manuscript.

**6) Contributors Listed in Acknowledgments:** (Examples of those who might be acknowledged include a person who provided purely technical help, writing assistance, or a department chair who provided only general support. Corresponding authors must declare whether they had assistance with the study design, data collection, data analysis, or manuscript preparation. If such assistance was available, the authors must disclose the identity of the individuals who provided this assistance and the entity that supported it. Financial and material support should also be acknowledged.)

**Acknowledgements:**

Don Ward for help with the English.

Chiara Margutti and Samba Sowe for secretarial support.
