According to the International Committee of Medical Journal Editors (ICMJE) ([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 ..... Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

**The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

**2) Authors who participated in the conception of the study:** Kathelijn Fischer, Marijke van den Berg, Ben A. van Hout

**3) Design & Methods.** The following authors were responsible for specific investigations:  
• Kathelijn Fischer and Ben van Hout built the first version of the model and made the concept and design of the study together with H Marijke van den Berg, in addition Maurice Pouw, Daniel Lewandowski and Mart Janssen expanded the technical part of the model.

**4) Results.** The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):  
• Kathelijn Fischer was responsible for Table 1&2  
• Ben van Hout, Kathelijn Fischer, H Marijke van den Berg Maurice Pouw, Daniel Lewandowski and Mart Janssen were responsible for Table 3, Figure 1&2

**5) Writing the manuscript.** The following authors were responsible for writing the manuscript:  
• All authors were responsible for writing the manuscript

**6) Contributors Listed in Acknowledgments:**

The present work was performed as an academic project and was partly supported by grant nr 152002004 of the Dutch Government (ZONMW Farmacotherapie).
