

Manuscript no. HAEMATOL/2010/039206 entitled “Control of the human β -globin mRNA stability and its impact on b-thalassemia phenotype“

Authors: Isabel Peixeiro, Ana Luísa Silva and Luísa Romao

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
• Luísa Romao, Departamento de Genética, Instituto Nacional de Saúde Dr. Ricardo Jorge, 1649-016 Lisboa, Portugal, luisa.romao@insa.min-saude.pt

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Luísa Romao

3) **Design & Methods.** The following authors were responsible for specific investigations:

- Luísa Romao was responsible for the conception and the design of the review.
- Isabel Peixeiro, Ana Luísa Silva and Luísa Romao were responsible for the revision, collection and interpretation of the published data reviewed in the manuscript.

4) **Results.** The following authors were responsible for specific portions of the results, including figures and tables:

- Isabel Peixeiro and Luísa Romao were responsible for table 1 and 2.
- Isabel Peixeiro, Ana Luísa Silva and Luísa Romao were responsible for figure 1.
- Isabel Peixeiro and Luísa Romao were responsible for figure 2.

5) **Writing the manuscript.** The following authors were responsible for writing the manuscript:

- Isabel Peixeiro, Ana Luísa Silva and Luísa Romao were responsible for writing the manuscript.

6) **Contributors Listed in Acknowledgments:**

The authors would like to thank Joao Lavinha (Departamento de Genética, Instituto Nacional de Saúde Dr. Ricardo Jorge, Av. Padre Cruz, 1649-016 Lisboa, Portugal) for comments on the manuscript.

The authors declare no assistance with the manuscript preparation.

This work was partially supported by Fundacao Luso-Americana para o Desenvolvimento and Center for Biodiversity, Functional and Integrative Genomics from Fundacao para a Ciencia e a Tecnologia. Isabel Peixeiro and Ana Luísa Silva were supported by Fellowships from Fundacao para a Ciencia e a Tecnologia.
