

**Manuscript no. HAEMATOL/2011/040493 entitled “Abnormal N-terminal fragment of Brain Natriuretic Peptide in patients with light chain amyloidosis without cardiac involvement at presentation is a risk factor for development of cardiac amyloidosis“**

**Authors: Ashutosh D Wechalekar, Julian D Gillmore, Nancy Wassef, Helen J Lachmann, Carol Whelan and Philip N Hawkins**

**Information about the contributions of each person named as having participated in the study**

1) **Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:  
• Ashutosh Wechalekar, National Amyloidosis Centre, Department of Medicine, University College London Medical School (Royal Free Campus), Rowland Hill St, London NW3 2PF, United Kingdom. Tel: +44 20 7433 2758; fax: +44 20 7433 2817; E-mail: a.wechalekar@medsch.ucl.ac.uk  
According to the International Committee of Medical Journal Editors (ICMJE) ([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)): “

Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 ..... Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

**The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

2) **Authors who participated in the conception of the study:** Ashutosh Wechalekara nd Prof. Philip Hawkins National Amyloidosis Centre, Department of Medicine, University College London Medical School (Royal Free Campus), Rowland Hill St, London NW3 2PF, United Kingdom.

3) **Design & Methods.** The following authors were responsible for specific investigations (please detail):  
• Ashutosh D Wechalekar , Julian D Gillmore , Nancy Wassef, Helen J Lachmann , Carol Whelan and Philip N Hawkins

4) **Results.** The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):  
• Ashutosh D Wechalekar , Julian D Gillmore , Nancy Wassef, Helen J Lachmann , Carol Whelan and Philip N Hawkins

5) **Writing the manuscript.** The following authors were responsible for writing the manuscript:  
• Ashutosh D Wechalekar , Julian D Gillmore , Nancy Wassef , Helen J Lachmann , Carol Whelan and Philip N Hawkins

6) **Contributors Listed in Acknowledgments:**

Ms. Dorothea Gopaul and Mr. David Hutt for undertaking SAP scintigraph

Ms Dorota Rowczenio for performing all relevant genotyping

Ms. Marna DeCruz, Ms. Babita Pawarova and Ms. Jayshree Joshi for providing specialist echocardiography.

We would like to acknowledge the haematologists who administered chemotherapy and were primarily responsible for the care of these patients during such time.

We acknowledge grant support from EURAMY towards this study.
