

Manuscript no. HAEMATOL HAEMATOL/2011/045856 entitled “Management of fertility in patients treated for Hodgkin’s lymphoma“

Authors: Stephanie Harel, Christophe Fermé, Catherine Poirot

Information about the contributions of each person named as having participated in the study

Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Christophe Fermé, Institut de Cancérologie Gustave Roussy, Christophe.ferme@igr.fr

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.*

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the **conception of the study**: Stephanie Harel, Christophe Fermé, Catherine Poirot

3) **Design & Methods**. The following authors were responsible for specific investigations

- Stephanie Harel was responsible for

1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data;

2) drafting the article and revising it critically for important intellectual content;

3) final approval of the version to be published.

- Christophe Fermé was responsible for

1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data;

2) drafting the article and revising it critically for important intellectual content;

3) final approval of the version to be published.

- Catherine Poirot was responsible for

1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data;

2) drafting the article and revising it critically for important intellectual content;

3) final approval of the version to be published.

4) **Results**. The following authors were responsible for specific portions of the results, including figures and tables

- Stephanie Harel and Christophe Fermé were responsible for table 1 and table 2, Figure 1

5) **Writing the manuscript**. The following authors were responsible for writing the manuscript:

- Stephanie Harel, Christophe Fermé, Catherine Poirot

6) **Contributors Listed in Acknowledgments**:

Lorna Saint-Ange provided writing assistance

Christophe Fermé, corresponding author declare that there was no assistance with the study and manuscript preparation. There was no financial support with the study.
