

Manuscript no. HAEMATOL/2011/045732 entitled “CNR2 functional variant (Q63R) influences childhood immune thrombocytopenic purpura“

Authors: Francesca Rossi, Silvia Mancusi, Giulia Bellini, Domenico Roberti, Francesca Punzo, Simona Vetrella, Sofia Maria Rosaria Matarese, Bruno Nobili, Sabatino Maione and Silverio Perrotta

Information about the contributions of each person named as having participated in the study

- 1) **Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
- Silverio Perrotta, Department of Paediatrics, Second University of Naples, Naples, Italy, silverio.perrotta@unina2.it
 - Francesca Rossi, Department of Paediatrics, Second University of Naples, Naples, Italy, fra.rossi76@libero.it

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

- 2) **Authors who participated in the conception of the study:**
- Francesca Rossi, Department of Paediatrics, Second University of Naples, Naples, Italy, fra.rossi76@libero.it
 - Silverio Perrotta, Department of Paediatrics, Second University of Naples, Naples, Italy, silverio.perrotta@unina2.it
 - Giulia Bellini, Department of Experimental Medicine, Second University of Naples, Naples, Italy
 - Sabatino Maione, Department of Experimental Medicine, Second University of Naples, Naples, Italy

- 3) **Design & Methods.** The following authors were responsible for specific investigations:
- Bruno Nobili, Sofia Maria Rosaria Matarese and Domenico Roberti were responsible for clinical data.
 - Silvia Mancusi, Simona Vetrella and Francesca Punzo were responsible for laboratory investigation
 - Silvia Mancusi and Giulia Bellini were responsible for statistical analysis

- 4) **Results.** The following authors were responsible for specific portions of the results, including figures and tables:
- Bruno Nobili, Sofia Maria Rosaria Matarese and Domenico Roberti were responsible for table 1 and 2
 - Silvia Mancusi and Giulia Bellini were responsible for table 2 and 3

- 5) **Writing the manuscript.** The following authors were responsible for writing the manuscript:
- Francesca Rossi, Giulia Bellini and Silverio Perrotta

6) Contributors Listed in Acknowledgments:

The authors would like to thank all patients and their families for their participation in the study.

This work was supported by grants from “Progetti di Rilevante Interesse Nazionale” (PRIN, 2008), Regione Campania (L.R. 5/02, 2005), and the “Francesco Fede” Department of the Second University of Naples (Grant on Normal and Pathological Hematopoiesis).
