

Manuscript no. HAEMATOLHAEMATOL/2011/047035 entitled “Significant reduction of red blood cell transfusion requirements by changing from double- to single-unit transfusion policy in patients receiving intensive chemotherapies or stem cell transplantation”

Authors: Martin David Berger, Bernhard Gerber, Kornelius Arn, Oliver Senn, Urs Schanz, Georg Stussi

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
• Georg Stüssi, Hematology Service, Oncology Institute of Southern Switzerland, georg.stuessi@uzh.ch

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Georg Stüssi, Urs Schanz, Bernhard Gerber, Martin Berger

3) Design & Methods. The following authors were responsible for specific investigations (please detail):
Martin David Berger, Bernhard Gerber, Kornelius Arn, Oliver Senn, Urs Schanz, Georg Stussi were responsible for the Design and Methods section.

4) Results. The following authors were responsible for specific portions of the results, including figures and tables
Martin David Berger, Bernhard Gerber, Kornelius Arn, Oliver Senn, Urs Schanz, Georg Stussi were responsible for the Result section.

5) Writing the manuscript. The following authors were responsible for writing the manuscript:
Martin David Berger, Bernhard Gerber, Oliver Senn, Georg Stussi were responsible for writing the manuscript

6) Contributors Listed in Acknowledgments: We would like to thank Prof. Kurt Leibundgut for critical review of the manuscript and helpful comments.
