

Manuscript no. HAEMATOL/2011/051755 entitled “Erythropoiesis-stimulating agents are not associated with increased risk of thrombosis in patients with myelodysplastic syndromes“

Authors: Sheila Weiss Smith, Masayo Sato, Steven D. Gore, Maria R. Baer, Xuehua Ke, Diane McNally, and Amy Davidoff

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Sheila Weiss Smith, Center for Drug Safety, University of Maryland School of Pharmacy, Baltimore MD, sweiss@rx.umaryland.edu
- Amy Davidoff, Pharmaceutical Health Services Research Department, University of Maryland School of Pharmacy, Baltimore MD, adavidof@rx.umaryland.edu

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Weiss Smith, Davidoff, Gore, Baer

3) Design & Methods. The following authors were responsible for specific investigations

- Davidoff and McNally were responsible for acquiring data.
- Davidoff, Weiss Smith, Gore, and Sato were responsible for design and methods.
- Sato and Ke were responsible for analyzing data.

4) Results. The following authors were responsible for specific portions of the results, including figures and tables

- Weiss Smith, Davidoff, Gore, Baer, Sato, Ke, and McNally discussed and interpreted the results.
- Sato and Weiss Smith created all tables and figures.

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- Sheila Weiss Smith was responsible for drafting the manuscript.
- Sato, Gore, Baer, Ke, McNally, and Davidoff reviewed and edited the draft of the manuscript.

6) Contributors Listed in Acknowledgments: The authors wish to thank the Pharmaceutical Research Computing Center (PRC) for data management support. The authors acknowledge the efforts of the Applied Research Program, NCI; the Office of Research, Development and Information, CMS; Information Management Services (IMS), Inc.; and the Surveillance, Epidemiology, and End Results (SEER) Program tumor registries in the creation of the SEER-Medicare database. This work was supported by the National Institutes of Health (NIH 1RC1CA145831-01; ARRA Challenge Grant with Davidoff, PI and 2K24CA111717-06A1 with Gore, PI).
