

Manuscript no. HAEMATOL/2011/048074 entitled “Rapid exclusion or confirmation of heparin-induced thrombocytopenia: a single-center experience with 1291 patients“

Authors: Vanessa NELLEN, Irmela SULZER, Gabriela BARIZZI, Bernhard LÄMMLE, Lorenzo ALBERIO

Information about the contributions of each person named as having participated in the study

1) Guarantor, i.e., person who is responsible for the integrity of the work as a whole:
• ALBERIO Lorenzo, Dept. of Haematology and Central Haematology Laboratory, University Hospital Inselspital, CH-Bern; lorenzo.alberio@insel.ch

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantor of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the **conception of the study**: ALBERIO Lorenzo, LÄMMLE Bernhard

3) **Design & Methods**. The following authors were responsible for specific investigations:
• NELLEN Vanessa was responsible for calculating missing 4T scores and collecting data
• SULZER Irmela was responsible for HIT-antibody testing by ELISAs
• BARIZZI Gabriela was responsible for HIT-antibody testing by rapid (ID-HPF4-PaGIA) and functional (PAT) assays

4) **Results**. The following authors were responsible for specific portions of the results, including figures and tables:
• NELLEN Vanessa and ALBERIO Lorenzo analyzed the data and were responsible for all figures and tables

5) **Writing the manuscript**. The following authors were responsible for writing the manuscript:
• NELLEN Vanessa wrote the first drafts of the manuscripts
• ALBERIO Lorenzo corrected the first drafts and wrote the final version of the manuscript
• LÄMMLE Bernhard, SULZER Irmela and BARIZZI Gabriela corrected the final manuscript

6) **Contributors Listed in Acknowledgments**:

We would like to thank all the physicians of our Department of Hematology who were involved in care of HIT patients over the years and the technicians of the Central Hematology Laboratory who perform routine diagnostic HIT assays. We also thank Therese Jost for her efficient technical assistance.

Lorenzo Alberio is supported by a grant from the Swiss National Science Foundation (Grant Nr. 3200-065337.01)
