Manuscript no. HAEMATOL/2011/050138 entitled "Peripheral blood lymphocyte/monocyte ratio at diagnosis and survival in classical Hodgkin's lymphoma"

Authors: Luis F. Porrata, Kay Ristow, Joseph P. Colgan, Thomas M. Habermann, Thomas E. Witzig, David J. Inwards, Stephen M. Ansell, Ivana N. Micallef, Patrick B. Johnston, Grzegorz S. Nowakowski, Carrie Thompson, and Svetomir N. Markovic.

Information about the contributions of each person named as having participated in the study

- 1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
- Luis F. Porrata, MD, Mayo Clinic; porrata.luis@mayo.edu
- Svetomir N. Markovic MD, PhD, Mayo Clinic; markovic.svetomir@mayo.edu

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical\_1author.html): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 ...... <u>Acquisition of funding, collection of data, or general supervision of the</u> research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

- 2) Authors who participated in the conception of the study: Luis F. Porrata and Svetomir N. Markovic
- 3) Design & Methods. The following authors were responsible for specific investigations (please detail):
- Luis F. Porrata was responsible for conception and design, analysis and interpretation of data
- Kay Ristow was responsible for acquisition of data
- Joseph P. Colgan was responsible for design of the study
- Thomas M. Habermann was responsible for design of the study
- Thomas E. Witzig was responsible for design of the study
- David J. Inwards was responsible for design of the study
- Stephen M. Ansell was responsible for design of the study
- Ivana N. Micallef was responsible for design of the study
- Patrick B. Johnston was responsible for design of the study
- Grzegorz S. Nowakowski was responsible for design of the study
- Carrie Thompson was responsible for design of the study
- Svetomir N. Markovic was responsible for design of the study, analysis and interpretation of data.
- 4) **Results**. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):
- Luis F. Porrata was responsible for all the figures and tables.
- 5) Writing the manuscript. The following authors were responsible for writing the manuscript:
- Luis F. Porrata was responsible for drafting the article, revising it critically for important intellectual content and final approval of the version to be published.
- Kay Ristow was responsible for revising it critically for important intellectual content and final approval of the version to be published.

- Joseph P. Colgan was responsible for revising it critically for important intellectual content and final approval of the version to be published.
- Thomas M. Habermann was responsible for revising it critically for important intellectual content and final approval of the version to be published.
- Thomas E. Witzig was responsible for revising it critically for important intellectual content and final approval of the version to be published.
- David J. Inwards was responsible for revising it critically for important intellectual content and final approval of the version to be published.
- Stephen M. Ansell was responsible for revising it critically for important intellectual content and final approval of the version to be published.
- Ivana N. Micallef was responsible for revising it critically for important intellectual content and final approval of the version to be published.
- Patrick B. Johnston was responsible for revising it critically for important intellectual content and final approval of the version to be published.
- Grzegorz S. Nowakowski was responsible revising it critically for important intellectual content and final approval of the version to be published.
- Carrie Thompson was responsible for revising it critically for important intellectual content and final approval of the version to be published.
- Svetomir N. Markovic was responsible for drafting the article, revising it critically for important intellectual content and final approval of the version to be published.
- 6) Contributors Listed in Acknowledgments: none
