

Manuscript no. HAEMATOL/2011/055442 entitled “Ten novel mutations in the erythroid transcription factor KLF1 gene associated with increased fetal hemoglobin levels in adults”

Authors: Alice E. Gallienne, Hélène M.P. Dréau, Anna Schuh, John M. Old, and Shirley Henderson

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Alice Gallienne, National Haemoglobinopathy Reference Laboratory, Molecular Diagnostic Service, John Radcliffe Hospital, Oxford, UK, alice.gallienne@ouh.nhs.uk
- Shirley Henderson, National Haemoglobinopathy Reference Laboratory, Molecular Diagnostic Service, John Radcliffe Hospital, Oxford, UK, Shirley.henderson@ouh.nhs.uk
- John Old, National Haemoglobinopathy Reference Laboratory, Molecular Diagnostic Service, John Radcliffe Hospital, Oxford, UK, john.old@ouh.nhs.uk
- Anna Schuh, Haemato-oncology service, Oxford Biomedical Research Centre, Molecular Diagnostic Service, John Radcliffe Hospital, Oxford, UK, anna.schuh@ndcls.ox.ac.uk

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the **conception of the study**: Alice Gallienne, Shirley Henderson, John Old, Anna Schuh

3) **Design & Methods**. The following authors were responsible for specific investigations

- Alice Gallienne carried out methods and analysed results
- Helene Dreau carried out methods and analysed results
- Shirley Henderson designed study methods and procedures

4) **Results**. The following authors were responsible for specific portions of the results, including figures and tables:

- Alice Gallienne was responsible for interpreting results and the first draft of the table and figure
- Shirley Henderson was responsible for interpreting results, proof reading and made final corrections to the table and figure

5) **Writing the manuscript**. The following authors were responsible for writing the manuscript:

- Alice Gallienne wrote the first draft of the manuscript
- Shirley Henderson was responsible for the editing, final draft and corrections of the manuscript

6) **Contributors Listed in Acknowledgments**: None
