

Manuscript no. HAEMATOL/2011/049155 entitled *The cytotoxicity of anti-CD22 immunotoxin is enhanced by bryostatin1 in B-cell lymphomas through CD22 up-regulation and PKC-II depletion*

Authors Viola Biberacher, Thomas Decker, Madlen Oelsner, Michaela Wagner, Christian Bogner, Burkhardt Schmidt, Robert J. Kreitman, Christian Peschel, Ira Pastan, Christian Meyer zum Buschenfelde, and Ingo Ringshausen

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
• Ingo Ringshausen, Technical University of München, 3rd Medical Department, i.ringshausen@lrz.tum.de

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Thomas Decker, Christian Meyer zum Buschenfelde, Ira Pastan, Robert J. Kreitman, Christian Peschel and Ingo Ringshausen

3) Design & Methods. The following authors were responsible for specific investigations:
• Viola Biberacher, Madlen Oelsner, Christian Bogner, Michaela Wagner and Burkhardt Schmidt

4) Results. The following authors were responsible for specific portions of the results, including figures and tables:
• Viola Biberacher and Madlen Oelsner analyzed data for figures and tables.

5) Writing the manuscript. The following authors were responsible for writing the manuscript:
• Ingo Ringshausen

6) Contributors Listed in Acknowledgments:

- Paloma Perez-Aciego, Fundacion LAIR, Madrid, Spain and Servicio de Medicina Interna I, Hospital Universitario Puerta de Hierro, Madrid, Spain.
- Erika Schafnitzl, Technical University of München , 3rd Medical Department
