

**Manuscript no. HAEMATOL/2011/055459 entitled “Immunohistochemical Markers for Tumor Associated Macrophages and Survival in Advanced Classical Hodgkin Lymphoma”**

**Authors: Beatriz Sánchez-Espiridión, Ana M Martin-Moreno, Carlos Montalbán, L. Jeffrey Medeiros, Francisco Vega, Anas Younes, Miguel A. Piris, and Juan F. Garcia**

**Information about the contributions of each person named as having participated in the study**

**1) Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:  
• Juan F. Garcia, Department of Pathology, M.D. Anderson Cancer Center, Madrid; SPAIN.  
Jfgarcia@mdanderson.es

According to the International Committee of Medical Journal Editors (ICMJE) ([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)): “Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 ..... Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

**2) Authors who participated in the conception of the study:** Beatriz Sánchez-Espiridión, Ana M Martin-Moreno, Carlos Montalbán, Miguel A. Piris

**3) Design & Methods.** The following authors were responsible for specific investigations (please detail):

- Beatriz Sánchez-Espiridión, performed experiments and analyze results
- Ana M Martin-Moreno, performed experiments and analyze results

**4) Results.** The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- L. Jeffrey Medeiros, was responsible for acquisition of data, analysis and interpretation of data
- Francisco Vega, was responsible for acquisition of data, analysis and interpretation of data
- Anas Younes, was responsible for acquisition of data, analysis and interpretation of data

**5) Writing the manuscript.** The following authors were responsible for writing the manuscript:

- Juan F. Garcia, was responsible for drafting the article
- L. Jeffrey Medeiros, was responsible for drafting the article and revising it critically
- Francisco Vega, was responsible for acquisition of data, analysis and interpretation of data
- Miguel A. Piris, was responsible for drafting the article and revising it critically
- Anas Younes, was responsible for drafting the article and final approval of the draft
- Ana M Martin-Moreno, was responsible for drafting the article and final approval of the draft
- Carlos Montalbán, was responsible for drafting the article and final approval of the draft
- Beatriz Sánchez-Espiridión, was responsible for drafting the article and final approval of the draft

**6) Contributors Listed in Acknowledgments:**

We thank to the Spanish Tumor Bank Network for providing tissue samples for this study. We also thank to Laura Cereceda, from the MDACC Madrid BioBank, for collecting human tumor samples, and her excellent assistance with data management.

Funding: this work was supported by grants from the “Fondo de Investigaciones Sanitarias” (FIS, PI08/1985) and the Spanish Association for Cancer Research (AECC). BS-E is supported by a grant from the Spanish “Ministerio de Ciencia e Innovación” (RETICS, SAF2008-03871).

The following centers and investigators participate in the Spanish Hodgkin Lymphoma Study Group and contribute to the studies with tumor samples and clinical data: R. Ramos, J. Rodríguez, F. Mestre (Hospital Son Dureta, Palma de Mallorca); P. Domínguez, C. Jara (Fundación Hospital Alcorcón, Madrid); M. J. Mestre, R. Quibén, M. Méndez, L. Borbolla (Hospital de Móstoles, Madrid); M. A. Martínez, C. Grande (Hospital 12 de Octubre, Madrid); M. García-Cosío, C. Montalbán, J. García-Laraña (Hospital Ramón y Cajal, Madrid); M. Canales, J. Alves (Hospital La Paz, Madrid); C. Bellas, M. Provencio (Hospital Puerta de Hierro, Madrid); A. Castaño, P. Sánchez-Godoy (Hospital Severo Ochoa, Leganés, Madrid); C. Martín, R. Martínez (Hospital Clínico Universitario San Carlos, Madrid); J. Menárguez, P. Sabín, E. Flores (Hospital Gregorio Marañón, Madrid); J. González-Carrero, C. Poderós (Hospital Xeral-Cies, Vigo); A. Salar, S. Serrano (Hospital del Mar, Barcelona); T. Álvaro, L. Font (Hospital Verge de la Cinta, Tortosa); V. Romagosa, A. Fernández de Sevilla (Hospital Duran i Reynalds, Institut Catala d'Oncologia, Barcelona); M. Mollejo, M. A. Cruz (Hospital Virgen de la Salud, Toledo); A. Cánovas, C. Camarero (Hospital de Cruces, Baracaldo). H. Álvarez-Arguelles, M. Llanos (Hospital Universitario Canarias, Tenerife); R. Arranz, A. Acevedo (Hospital La Princesa, Madrid); R. García-Sanz, T. Flores (Hospital Universitario de Salamanca); C. Morante (Hospital Cabueñes, Gijón); A. Marín, E. Ríos (Hospital Virgen del Rocío, Seville); F. Mazonra, E. Conde (Hospital Marqués de Valdecilla, Santander); M. F. Fresno, C. Rayón, C. Nicolás (Hospital Central de Asturias, Oviedo); C. Santonja, Jose L. López (Fundación Jiménez Díaz, Madrid); T. Flores, R. García-Sanz (Hospital Universitario de Salamanca, Salamanca); J. Guma (Hospital Sant Joan, Reus); P. Gonzalvo (Hospital Comarcal de Jarrío, Coaña); G. Fernández (Hospital Alvarez Buylla, Mieres); J. Forteza, M. Fraga, J. L. Bello (F Med Santiago de Compostela); A. Bas (Hospital Universitario Virgen de la Arrixaca, Murcia); J. R. Méndez (Hospital Valle de Nalón, Asturias); J.F. Tomás, M. Estevez (MD Anderson España, Madrid); C. Ruiz-Marcellán, A. López (Hospital Vall d'Hebron) and J. F. García, M. M. Morente and M. A. Piris (CNIO, Madrid).
