

**Manuscript No. HAEMATOL/2011/053421 entitled “Over-expression of FoxM1 offers a promising therapeutic target in diffuse large B-cell lymphoma”**

**Authors: Shahab Uddin, Azhar R Hussain, Maqbool Ahmed, Khawar Siddiqui, Fouad Al-Dayel, Prashant Bavi and Khawla S. Al-Kuraya**

**Information about the contributions of each person named as having participated in the study**

**1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:**

- Khawla S. Al-Kuraya, King Faisal Specialist Hospital and Research Centre, kkuraya@kfshrc.edu.sa
- Shahab Uddin, King Faisal Specialist Hospital and Research Centre, shahab@kfshrc.edu.sa
- Azhar R. Hussain, King Faisal Specialist Hospital and Research Centre, arajabali@kfshrc.edu.sa

According to the International Committee of Medical Journal Editors (ICMJE)

([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 ..... Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

**The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

**2) Authors who participated in the conception of the study:** Shahab Uddin, Azhar R Hussain, Khawla S. Al-Kuraya

**3) Design & Methods.** The following authors were responsible for specific investigations (please detail):

- Shahab Uddin was responsible for overview of the whole manuscript.
- Azhar R Hussain was responsible for all experiments conducted.
- Khawla S. Al-Kuraya was responsible for overview of the whole paper.
- Prashant Bavi was responsible for clinical data and IHC.

**4) Results.** The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Prashant Bavi, Fouad Al-Dayel and Azhar R. Hussain were responsible for Figure 1.
- Azhar R. Hussain was responsible for Figure 2.
- Maqbool Ahmed and Azhar R. Hussain were responsible for Figure 3.
- Maqbool Ahmed and Azhar R. Hussain were responsible for Figure 4.
- Azhar R. Hussain and Khawar Siddiqui were responsible for Figure 5.

**5) Writing the manuscript.** The following authors were responsible for writing the manuscript:

- Shahab Uddin was responsible for the whole manuscript.
- Azhar R. Hussain was responsible for introduction, results and discussion.
- Prashant Bavi was responsible for materials and methods, results.
- Khawla S. Al-Kuraya was responsible for the whole manuscript.

**6) Contributors Listed in Acknowledgments:**

Ms. Saeeda O. Ahmed and Mr. Saravanan Thangavel for technical assistance and Mr. Zeeshan Qadri for assistance in statistics for the manuscript.
