

Manuscript no. HAEMATOL/2011/058529 entitled "Human microRNA-1245 downregulates the NKG2D receptor in NK cells and impairs NKG2D-mediated functions"

Authors: J. Luis Espinoza, Akiyoshi Takami, Katsuji Yoshioka, Katsuya Nakata, Tokiharu Sato, Yoshihito Kasahara, and Shinji Nakao

Information about the contributions of each person named as having participated in the study

- 1) **Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
- Akiyoshi Takami, Kanazawa University Hospital, takami@staff.kanazawa-u.ac.jp

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

- 2) Authors who participated in the conception of the study: J. Luis Espinoza and Akiyoshi Takami

- 3) **Design & Methods.** The following authors were responsible for specific investigations:
- J. Luis Espinoza was responsible for performing all experiments.
 - Katsuji Yoshioka and Tokiharu Sato were responsible for constructing the luciferase vectors and sample management.

- 4) **Results.** The following authors were responsible for specific portions of the results, including figures and tables:
- J. Luis Espinoza was responsible for all figures.

- 5) **Writing the manuscript.** The following authors were responsible for writing the manuscript:
- J. Luis Espinoza and Akiyoshi Takami were responsible for writing the manuscript.

6) **Contributors Listed in Acknowledgments:**

We are indebted to Dr. Dario Campana for kindly providing the K562-mb15-41BBL cells. We thank Drs. M. J. Robertson, Y. Isobe and H. Kanegane for generously providing the NK cells lines used in this study.

This study was supported by grants from the Ministry of Health, Labor and Welfare of Japan, and the Ministry of Education, Culture, Sports and Technology of Japan, and Funds from the Mitani Research and Development Assistance Organization (Kanazawa, Japan), by the Japan Leukemia Research Fund (Tokyo, Japan), and by Hokkoku Gan Kikin Fund (Kanazawa, Japan). The funders had no role in study design, data collection and analysis, decision to publish, or preparation of the manuscript.
