

Manuscript no. HAEMATOL/2011/056390 entitled "Impact of body-mass index in the outcome of adult patients with acute myeloid leukemia"

Authors: Bruno C. Medeiros, Megan Othus, Elihu H. Estey, Min Fang, and Fredrick R. Appelbaum

Information about the contributions of each person named as having participated in the study

- 1) Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
- Bruno C. Medeiros - bruno.medeiros@stanford.edu - Stanford University School of Medicine
 - Frederick Appelbaum - fappelba@fhcrc.org - Fred Hutchinson Cancer Research Center
 - Megan Othus - mothus@fhcrc.org - Fred Hutchinson Cancer Research Center

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): *"Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".*

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the **conception of the study**: Bruno C. Medeiros, Fredrick R. Appelbaum and Megan Othus

3) **Design & Methods**. The following authors were responsible for specific investigations :

- Bruno C. Medeiros, Megan Othus, Fredrick R. Appelbaum were responsible for design of the study

4) **Results**. The following authors were responsible for specific portions of the results, including figures and tables:

- Medeiros, Othus, Estey, Appelbaum were responsible for review and evaluation of the data.
- Medeiros, Othus were responsible for generation of the results
- Medeiros, Othus and Fang were responsible for review of the cytogenetic studies

5) **Writing the manuscript**. The following authors were responsible for writing the manuscript:

- Medeiros, Othus, Appelbaum were responsible for writing the manuscript
- Medeiros, Othus, Estey, Fang and Appelbaum were responsible for reviewing and editing the manuscript

6) **Contributors Listed in Acknowledgments**: NA
