

Manuscript no. HAEMATOL/2012/065854 entitled "Hepcidin demonstrates a biphasic association with anemia in acute Plasmodium falciparum malaria"

Authors: Climent Casals-Pascual, Honglei Huang, Samira Lakhal-Littleton, Marie L. Thézenas, Oscar Kai, Charles R.J.C. Newton, and David J. Roberts

Information about the contributions of each person named as having participated in the study

Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Climent Casals-Pascual, Wellcome Trust Centre for Human Genetics, Oxford, UK
ccasals@well.ox.ac.uk

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): "Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship".

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the **conception of the study**: Climent Casals-Pascual, Charles R.J.C. Newton, David J. Roberts, Samira Lakhal-Littleton

3) **Design & Methods**. The following authors were responsible for specific investigations (please detail):

- Climent Casals-Pascual: acquisition of clinical and laboratory measurements and statistical analysis
- Marie L. Thezenas: hepcidin and GDF-15 measurements and analysis
- Oscar Kai: acquisition and analysis of clinical laboratory data
- Honglei Huang: hepcidin and GDF-15 measurements and analysis
- Samira Lakhal-Littleton: hepcidin measurement and analysis

4) **Results**. The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Climent Casals-Pascual: Table 1 and Figure 1
- Honglei Huang: Figure 1

5) **Writing the manuscript**. The following authors were responsible for writing the manuscript:

- Climent Casals-Pascual: first draft and final version
- Marie L. Thezenas: first draft
- Honglei Huang: first draft
- Samira Lakhal-Littleton: first draft
- Charles R.J.C. Newton: final version
- David J. Roberts: final version

6) **Contributors Listed in Acknowledgments**:

We thank the study participants and the clinical and technical staff for their help. Dr. Alexander H. Drakesmith for helpful advice and comments on the manuscript.
