

Manuscript no. HAEMATOL HAEMATOL/2012/066100 entitled “Survival for older patients with AML: a population based study“

Authors: Betul Oran and Daniel J. Weisdorf

Information about the contributions of each person named as having participated in the study

1) **Guarantor(s)**, i.e., person(s) who is (are) responsible for the integrity of the work as a whole:
• Betul Oran, University of Texas, M.D. Anderson Cancer Center, Department of Stem Cell Transplant and Cellular Therapy, 1515 Holcombe Blvd. Unit #423 Houston, TX 77030. Ph: 713 745 2820. Fax: 713 794 4902. E-mail: boran@mdanderson.org

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “*Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship*”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) **Authors who participated in the conception of the study:** Betul Oran and Daniel J. Weisdorf

3) **Design & Methods.** The following authors were responsible for specific investigations (please detail):

- Betul Oran and Daniel J. Weisdorf were responsible for the design of the study
- Betul Oran was responsible for analyses.

4) **Results.** The following authors were responsible for specific portions of the results, including figures and tables (please indicate the person responsible for each figure and each table):

- Dr. Betul Oran was responsible for all results, tables and figures.
- Dr. Betul Oran and Dr. Daniel J. Weisdorf interpreted the results.

5) **Writing the manuscript.** The following authors were responsible for writing the manuscript:

- Betul Oran and Daniel J. Weisdorf wrote the manuscript.

6) **Contributors Listed in Acknowledgments:**

Dr. Beth A. Virnig, University of Minnesota that contributed to the production of this paper in its present form. She shared her valuable comments at study design, analysis and interpretation of the results and critical drafting of the manuscript.
