

Manuscript no. HAEMATOL/2012/076414 entitled “Sequential azacitidine plus lenalidomide combination for elderly patients with untreated acute myeloid leukemia“

Authors: Daniel A. Pollyea, James Zehnder, Steve Coutre, Jason Gotlib, Leonel Gallegos, Omar Abdel-Wahab, Peter Greenberg, Bing Zhang, Michaela Liedtke, Caroline Berube, Ross Levine, Beverly S. Mitchell, and Bruno C. Medeiros

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole: • Bruno C. Medeiros - Stanford University School of Medicine, brunom@stanford.edu

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study:

• Bruno C. Medeiros - Stanford University School of Medicine, brunom@stanford.edu

3) Design & Methods. The following authors were responsible for specific investigations:

• Bruno C. Medeiros - Stanford University School of Medicine, brunom@stanford.edu
• Daniel A Pollyea - University of Colorado - daniel.pollyea@ucdenver.edu

4) Results. The following authors were responsible for specific portions of the results, including figures and tables:

• All results

Bruno C. Medeiros - Stanford University School of Medicine, brunom@stanford.edu

Daniel A Pollyea - University of Colorado - daniel.pollyea@ucdenver.edu

• All other authors responsible for acquisition of the data

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

• Bruno C. Medeiros - Stanford University School of Medicine, brunom@stanford.edu

• Daniel A Pollyea - University of Colorado - daniel.pollyea@ucdenver.edu

• All other authors critically reviewed and approved the final version of the manuscript. All authors also had access to all data presented upon request

6) Contributors Listed in Acknowledgments:

• Stanford Oncore Staff

• Stanford Cancer Center Trials Office Staff

• Hematology Tissue Bank Staff
