

Manuscript no. HAEMATOL/2012/075515 entitled “Iron Refractory Iron Deficiency Anemia: a review” Authors: Luigia De Falco, Mayka Sanchez, Laura Silvestri, Caroline Kannengiesser, Martina U. Muckenthaler, Achille Iolascon, Laurent Gouya, Clara Camaschella, Carole Beaumont

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Carole Beaumont, INSERM U773, carole.beaumont@inserm.fr

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: All authors

3) Design & Methods. The following authors were responsible for specific investigations:

Not applicable (this paper is a review)

4) Results. The following authors were responsible for specific portions of the results, including figures and tables:

- Martina Muckenthaler and Mayka Sanchez were responsible for Figure 1
- Mayka Sanchez and Laura Silvestri were responsible for Figure 2
- Achille Iolascon and Luigia De Falco were responsible for Figure 3
- Carole Beaumont was responsible for Table 1
- Luigia De Falco and Mayka Sanchez were responsible for Table 2

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

All authors contributed to writing the manuscript

6) Contributors Listed in Acknowledgments:

The authors are grateful to Bernard Grandchamp, Claire Oudin and Flavia Guillem at Hopital Bichat (Paris, France) and Erica Morán at IMPPC (Barcelona, Spain) for helpful discussions. M.U.M acknowledges support of the Dietmar Hopp Stiftung. This work was supported by the eRARE HMA-IRON funding to M.U.M., C.C. and C.B. and by grants: PS09/00341 from “Instituto de Salud Carlos III”, SAF2012-40106 from Spanish Secretary of Research, Development and Innovation (MINECO) and CIVP16A1857 from “Ayudas a proyectos de Investigación en Ciencias de la Vida - Fundación Ramón Areces” to MS. M.S. held a research contract under the Ramón y Cajal program from the Spanish Ministry of Science and Innovation (RYC-2008-02352).
