

Manuscript no. HAEMATOL/2012/075648 entitled “Splenectomy as a curative treatment for immune thrombocytopenia: a retrospective analysis of 233 patients with a minimum follow-up of 10 years”

Authors: Nicola Vianelli, Francesca Palandri, Nicola Polverelli, Roberto Stasi, Joel Joelsson, Eva Johansson, Marco Ruggeri, Francesco Zaja, Silvia Cantoni, Angelo Emanuele Catucci, Anna Candoni, Enrica Morra, Magnus Björkholm, Michele Baccarani, and Francesco Rodeghiero

Information about the contributions of each person named as having participated in the study

1) Guarantor(s), i.e., person(s) who is (are) responsible for the integrity of the work as a whole:

- Nicola Vianelli
- Francesca Palandri
- Nicola Polverelli
- Roberto Stasi
- Magnus Bjorkholm
- Francesco Rodeghiero

According to the International Committee of Medical Journal Editors (ICMJE) (http://www.icmje.org/ethical_1author.html): “Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2, and 3 Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The guarantors of this manuscript confirm that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

2) Authors who participated in the conception of the study: Nicola Vianelli, Francesca Palandri, Roberto Stasi, Nicola Polverelli, Francesco Rodeghiero

3) Design & Methods. The following authors were responsible for specific investigations:

- n.a.

4) Results. The following authors were responsible for specific portions of the results, including figures and tables:

- All authors were responsible for results
- Nicola Vianelli, Francesca Palandri and Nicola Polverelli were responsible for all table and figure

5) Writing the manuscript. The following authors were responsible for writing the manuscript:

- Nicola Vianelli and Francesca Palandri
- All others authors revised the manuscript before submission

6) Contributors Listed in Acknowledgments: This project was conducted within the framework of GIMEMA (Gruppo Italiano Malattie EMatologiche dell’Adulto).
