Title	<i>Hematologic responses in patients with aplastic anemia treated with deferasirox: a post-hoc analysis from the EPIC study</i>
First author	Jong Wook Lee

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html):

“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The responsible author(s) of this manuscript confirm(s) that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

Specific contributions of each author are listed on page 2 of this document.

Responsible author(s):

Author contributions (maximum 1 page):

Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, collection of images, interpretation of data, preparation of the text, etc.)

JWL takes primary responsibility for the paper. S-SY, ZXS, AG, H-CH and JBP served as investigators on this trial, enrolling patients. All authors contributed to data interpretation, reviewed and provided input into the manuscript. AE-A and DH supervised the study execution and contributed to the analysis, interpretation and reporting of the trial data. NM was the trial statistician. All authors approved the final manuscript.
