author contribution form

Title	<i>Linezolid induces ring sideroblasts</i>
First author	<i>Christophe Willekens</i>

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html):

“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The responsible author(s) of this manuscript confirm(s) that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

Specific contributions of each author are listed on page 2 of this document.

Responsible author(s):

author(s) responsible for the integrity of the work as a whole

Name: Dumézy
Institute: Laboratoire d'hématologie, Centre de Biologie-Pathologie, CHRU de Lille, France.
e-mail: florent.dumezy@chru-lille.fr

Name: Preudhomme

Author contributions (maximum 1 page):

Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, collection of images, interpretation of data, preparation of the text, etc.)

A.C.L. supplied data's on linezolid prescription, C.W. collected data's; F.D., T.B., C.P. made the counting of ring sideroblast on bone marrow smears; A.R. supervised molecular analysis; C.W. interpreted the results and wrote the paper; J.R.,C.B., A.R., B.Q. and C.P. revised the manuscript; L.M. and C.P. supervised the project.
