## AUTHOR CONTRIBUTION FORM

<b>Title</b>	<b>Distinct clinical characteristics in myeloproliferative neoplasms with calreticulin mutations</b>
<b>First author</b>	<i>Hajnalka Andrikovics</i>

According to the International Committee of Medical Journal Editors (ICMJE)

([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)):

*“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.*

**The responsible author of this manuscript confirms that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

<b>Responsible author</b> ( <i>author responsible for the integrity of the work as a whole</i> )
Name: Hajnalka Andrikovics
Institute: Laboratory of Molecular Diagnostics, Hungarian National Blood Transfusion Service
e-mail: <a href="mailto:andrikovics.hajnalka@ovsz.hu">andrikovics.hajnalka@ovsz.hu</a>

### **Author contributions**

*Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, interpretation of data, preparation of the text, etc.) :*

HA and TM were the principal investigators and take primary responsibility for the paper, HA, AT and TM co-ordinated the research, and wrote the manuscript; HA, TK, BK, MK, BA performed the molecular genetic laboratory work for this study; JC was responsible for the histopathological evaluations, GH, AB, JD, ME, AS, PR collected clinical data. All authors participated in drafting and revising the manuscript, and approved the finally submitted version.
