AUTHOR CONTRIBUTION FORM

Title	<i>SIGLEC-G deficiency increases susceptibility to develop B cell lymphoproliferative disorders</i>
First author	<i>Giorgia Simonetti, Maria Teresa Sabrina Bertilaccio</i>

According to the International Committee of Medical Journal Editors (ICMJE)

(http://www.icmje.org/ethical_1author.html):

“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.

The responsible author of this manuscript confirms that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.

Responsible author (<i>author responsible for the integrity of the work as a whole</i>)
Name: Federico Caligaris-Cappio
Institute: San Raffaele Scientific Institute, Milano, Italy
e-mail: caligaris.federico@hsr.it

Author contributions

Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, interpretation of data, preparation of the text, etc.) :

GS designed and performed experiments, analyzed the data and wrote the paper; MTSB designed and performed experiments, analyzed the data and assisted in writing the paper; TVR performed *in vivo* experiments and immunoglobulin studies; BA designed and performed calcium analysis; AD assisted in designing and performed immunoglobulin studies; MR and AI performed histology; SC designed immunoglobulin studies; THW and LN provided the *Siglecg*^{-/-} mice; MP analyzed the data, interpreted histology and wrote the paper; FCC analyzed the data and wrote the paper; PG designed research, analyzed data and wrote the paper
