## AUTHOR CONTRIBUTION FORM

<b>Title</b>	<i>SETBP1 mutations in 106 patients with therapy-related myeloid neoplasms</i>
<b>First author</b>	<i>Emiliano Fabiani</i>

According to the International Committee of Medical Journal Editors (ICMJE)

([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)):

*“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.*

**The responsible author of this manuscript confirms that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

<b>Responsible author</b> ( <i>author responsible for the integrity of the work as a whole</i> )
Name: Emiliano Fabiani
Institute: Istituto di Ematologia, Università Cattolica del Sacro Cuore, Roma
e-mail: emilianofabiani@hotmail.com

### **Author contributions**

*Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, interpretation of data, preparation of the text, etc.) :*

EF and GF performed the laboratory work for this study; EF, MTV and GL designed the study; EF, GF and MTV performed data analysis; LF, MC and MTV recruited patients and collected clinical data for this study; EF, GF and MTV wrote the paper; GL supervised the study and coordinated the research.
