## AUTHOR CONTRIBUTION FORM

<b>Title</b>	Clinical importance of different calreticulin gene mutation types in wildtype JAK2 essential thrombocythemia and myelofibrosis patients
<b>First author</b>	Chun Qiao and Chao Sun contributed equally to this work

According to the International Committee of Medical Journal Editors (ICMJE)

([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)):

*“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.*

**The responsible author of this manuscript confirms that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

<b>Responsible author</b> ( <i>author responsible for the integrity of the work as a whole</i> )
Name: Jian-Yong Li and Su-Jiang Zhang
Institute: Department of Hematology, The First Affiliated Hospital of Nanjing Medical University, Jiangsu Province Hospital
e-mail: lijianyonglm@medmail.com.cn and zbruce.zhang@gmail.com

### **Author contributions**

*Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, interpretation of data, preparation of the text, etc.) :*

S.-J.Z. and J.-Y.L. designed the study. C.Q. and C.S. performed sequence analysis and validated mutations. C.Q. performed statistical analysis of the data. Y.O., J.-J.W. and S.-X.Q. collected samples and provided clinical information. S.-J.Z. confirmed the final data. C.Q., S.-J.Z. and J.-Y.L. wrote the manuscript.
