## AUTHOR CONTRIBUTION FORM

<b>Title</b>	<b>The cytoskeletal binding domain of band 3 is required for multiprotein complex formation and retention during erythropoiesis</b>
<b>First author</b>	<i>Timothy J Satchwell</i>

According to the International Committee of Medical Journal Editors (ICMJE)

([http://www.icmje.org/ethical\\_1author.html](http://www.icmje.org/ethical_1author.html)):

*“Authorship credit should be based on: 1) substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data; 2) drafting the article or revising it critically for important intellectual content; and 3) final approval of the version to be published. Authors should meet conditions 1, 2 and 3. Acquisition of funding, collection of data, or general supervision of the research group alone does not constitute authorship”.*

**The responsible author of this manuscript confirms that all persons designated as authors qualify for authorship, and that each author has participated sufficiently in the work to take public responsibility for appropriate portions of the content.**

<b>Responsible author</b> ( <i>author responsible for the integrity of the work as a whole</i> )
Name: Dr Ashley Toye
Institute: University of Bristol
e-mail: ash.m.toye@bristol.ac.uk

### **Author contributions**

*Please describe the contributions of each author, indicating who was responsible for each part of the study and the preparation of the manuscript (collection of data, experiments, data analysis, generation of figures, interpretation of data, preparation of the text, etc.) :*

TJS conceived and designed experiments, performed experiments, wrote and edited the manuscript;

BRH performed experiments and edited the final manuscript.

AJB contributed to developing experimental methodology, read and edited the manuscript;

MLR managed patient care, provided patient samples and read and edited the final manuscript.

AMT was the principal investigator, conceived and designed experiments, wrote and edited the manuscript.
